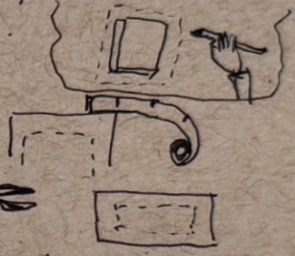
here is HOW

TO CREATE WHEELCHAIR-FRIENDLY POCKETS

1. Find a pair of pants you like :

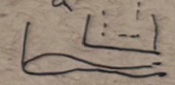
2. Thrift / upcycle a half a yard of fabric / Garment

3. measuring with your hand or favorite book draw a rectangle on the fabric :

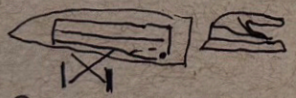


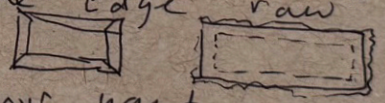
4. Add about an inch all around for your seam allowance :

5. Cut out your rectangle : fold the fabric in half so you end up with 2 pocket or cut out one more if you want a on each side of your pants :



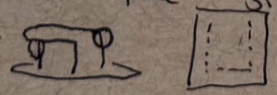
6. Iron your pants - flat down the side seam and iron down your rectangle(s) leaving the edge raw or folding it inside :

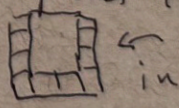


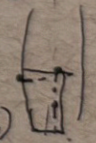


7. Pin your pocket to your pant, make sure to sit down and check if you like the placement

8. Hand sew / use a sewing machine to sew down the sides + bottom of your pocket (not the top) optional :







Blanket stitch in a colour

9. Give them a test-drive :

Put anything in the pocket you need!
