MAKE AN NFC TAG

1. **Pick something to share -**
   Photo, album, website, video, song, contact, etc.

2. **Get the link -**
   Use your phone's Share → Copy Link.

3. **Write the link to an NFC tag -**
   Open the NFC app and write the link.

NFC App

Android

iPhone

4. **Stick the NFC tag to something -**
   Card, frame, CD, gift, project, whatever you want.

5. **Tap it with your phone -**
   Your digital content opens.

PHYSICAL → NFC → DIGITAL
